 <b>Siphon Feed Conventional</b> BINKS PART #: 98-3161 TIP(S) INCLUDED: 1.8mm RECOMMENDED: 10-15 CFM / 30-45 PSI	★	★	★	★	★	★	★	★	○	★	★	○
 <b>Gravity Feed HVLP</b> BINKS PART #: 7042-6931-4 TIP(S) INCLUDED: 1.4mm, 2.0mm RECOMMENDED: 10-14 CFM / 20-27 PSI	★	★	★	★	★	★	★	★	○	★	★	○
 <b>Pressure Feed HVLP</b> BINKS PART #: 7041-6931-1 TIP(S) INCLUDED: 1.1mm, 1.4mm RECOMMENDED: 10-14 CFM / 20-27 PSI	★	★	★	★	★	★	★	★	★	★	★	★
 <b>Pressure Feed HVLP (2QT)</b> BINKS PART #: 98-3162 TIP(S) INCLUDED: 1.1mm, 1.4mm RECOMMENDED: 10-14 CFM / 20-27 PSI	★	★	★	★	★	★	★	★	★	★	★	★
 <b>Pressure Feed HVLP (2GAL)</b> BINKS PART #: 98-3163 TIP(S) INCLUDED: 1.1mm, 1.4mm RECOMMENDED: 10-14 CFM / 20-27 PSI	★	★	★	★	★	★	★	★	★	★	★	★

NOTE: Chart recommendations were achieved with air CFM and PSI as recommended by individual Binks model. Results may vary depending upon size of compressor and air hose used. For best results, Binks recommends 3/8" hose and fittings, along with a 4 HP or larger compressor. Smaller compressors will have reduced performance in the form of coarser atomization and smaller patterns.

**MORE PROFESSIONALS AND INDUSTRIAL USERS CHOOSE BINKS:**

Binks pioneered the development of liquid spray finishing technology over 100 years ago and continues to set the standard for industrial spray finishing. Today, one can find Binks spray finishing technology at work in virtually every industry around the world.

Binks extensive product line includes fluid handling tanks, material handling pumps, air and fluid controls, siphon and pressure spray gun cups, air and fluid hoses and connections, and a wide range of spray guns, including HVLP, conventional, air assist and airless, and line stripping. Binks also provides pressure tank liners, paint strainers, respirators, booth filters, and booth coat products.

As your single source for innovative finishing solutions...
